1) Serungapatam is an important town with historical importance and a number of distinguished travellers visit the place every year The area of the town is sufficiently big and there is a necessity for a close supervision of Sanitary and other works. In view of this, a Chief officer is being maintained at the place

The Dy Comr Mandya Dist, has furnished a detailed report regarding the present financial position of the Seringapatam Town Municipality and has expressed that the post of the Chief officer may be abolished as the net result would be saving nearly Rs 15-00 per annum by this measure

It is submitted that the proposal is not in the interests of the municipal administration of the place, though some savings may be achieved by the abolition of the post of the Chief officer at present, though there is a Chief officer at Seringapatam, the municipal arrears are as high

In forwarding herewith a copy of report No H C 90/40-41 dated 18th March 1941 and a copy of the resolution dated 30th April 1941 of the Seringapatam Municipal Council on the above subject, I have the honour to state as follows -

The letter of the President Town Municipal Council, Seringapatam explains in detail the present financial position of the Municipality The Municipal Council as could be seen from the report are at their wits end to meet the many obligatory commitments and more so on account of the substantial reduction in their resources consequent on the abolition of the Pilgrim tax The Municipal Council consider that the expenditure of Rs 1,500/- over the appointment of the Chief Officer is a heavy drain on the income of the Municipality and as such have resolved that the post might be abolished

The present financial position of the Municipal

Subject:- Abolition of the post of the Chief Officer of Seringapatam Municipality

Ref y

With reference to your letter No L 2157/M1 52 41 6 dated 9-9-41 calling for certain further particulars on the above subject I have the honour to forward herewith a copy of report No H C 90/40-41 dated 9-5-42 received from the President, Municipal Council Seringapatam and to state as follows -

Ref a

The Chief Officer's post was sanctioned by Government in their orde No L 2480-83/M1 64-34-10 dated 1-10-34 (Copy enclosed for ready reference) The circumstances under which the post was sanctioned have been clearly stated in the Government order referred to above The financial position of the Municipality was not satisfactory as prompt action had not been taken for the recovery of arrears and in order to improve collections by paying continuous attention towards collection work the post of the Chief Officer was sanctioned In this respect there has not been any marked improvement as the outstanding arrears for the quarter ending 31-3-42 amount to Rs 12,200/- The Municipality has a normal income of nearly Rs 16,000/- On account of various improvements and the execution of protected water supply scheme, the normal expenditure is more than the normal income and the Municipal Council has not been able to make both ends meet. Besides, the Municipality gwes a loan of Rs 29,400/- to Government No instalment of the loan has been paid for want of funds Even granting that the entire arrears are collected, the position does not improve as the expenditure is more than the income Any savings would go a long way in improving the position of the Municipality

The present Chief Officer is getting Rs 92/- in grade 80-4-100 plus an allowance of Rs 10/- Per mensem The Sanitary Inspector getting Rs 49/- plus 5/- P M If the post of the Chief Officer is abolished there will be a savings of nearly Rs 1,500/- as detailed in margin

Pay	100 X 12	1,200/-
Allowance	10 X 12	120/-
Pensionary contribution	1/20	
Total		Rs 1,400/-
or nearly		Rs 1,500/-

As regards the point referred to in the second para of your letter referred to above the President reports that as the vice President is a resident of Seringapatam

P T O

Seringapatam Town, he is able to attend to urgent work and also supervise the collections of octori Toll and Mohartafa As regards the sanitation work there is a sanitary Inspector to supervise the sanitation work

As for the collection of arrears the president suggests that a Revenue Inspector on Rs 40/- plus 10/- may be appointed

There are no other ways and means of improving the finances of the Municipality as there is no possibility of levying either a fresh-tax or enhance the tax All the taxes are levied at the Scheduled rates The only way to improve the finances by way of levy of tax is to revive the levy of pilgrim tax The Municipality was realising on an average an income of Rs 5 000/- every year With abolishing the tax the Municipality lost this large income but the commitment viz the water supply maintenance charges continues The income from pilgrim tax had been earmarked to meet the maintenance ~~of loan~~ charges and Thus it could be seen that there are no other ways to improve the finances than to reduce the expenditure

To the department in loans

The Municipal Council have also resolved that the post of the Chief Officer may be ~~xxxx~~ abolished and that a Revenue Inspector may be appointed for collection of arrears

In the circumstances I reques that sanction of Government may kingly be obtained for the abolition of the post of ~~xxx~~ Chief Officer as already recommended

The Deputy Commissioner, Mysore district reports that the financial condition of the Seringapatam municipality is not satisfactory, the municipality have not taken prompt action to recover the heavy outstanding arrears and that the revision of the taxes is long overdue He also states that it is not possible for the president of the municipal council who is the Sub-Division Officer French Rocks to devote continuous attention to the collection of taxes and the improvement of revenue To devote continuous attention to these important questions and improve the working the Municipal Council have resolved that a Chief Officer may be appointed and the Deputy Commissioner has submitted the follwoing proposals for the sanction of Government

a) Appointment of a qualified and competent sanitary Inspector as Chief Officer in the municipality on a consolidated salary of Rs 100/- per mensum for a period of one year in the first instance

Report No H C 90/40-41 dated 8/8-5-1942 from the President Municipal Council Seringapatam

With reference to your letter No A5 C 3584/40-41 dated 13-9-41, forwarding copy of letter No L 2157/M1 52-41-6 dated 9-9-41 from the Secretary to Government, ~~Exx~~ Law Department calling for certain information regarding the proposal to abolish the post of Chief Officer-Seringapatam Municipality I have the honour to append a statement regarding some of the points raised

As regards the second para of the above letter the matter was placed before the Municipal Council at its meeting on 30-4-1942 It was unanimously resolved that as the president visits Seringaptam frequently the ~~xxxxxxxxxxxx~~ supervision he is exercising on Municipal affairs is effective The vice president is a resident of the place and is able to attend to urgent municipal affairs in addition to exercising general supervision on all municipal matters Prior to the appointment of the Chief Officer the Vice President was attending to all urgent matters At present the vice president is also supervising the work of the octroi and toll establishment There is a highly paid sanitary Inspector to look after sanitation in the town supervision over this important work may also be entrusted to the vice president

The resources of the municipality is very meagre The average income for the past three years is only Rs 16,977/- While admitting that the Chief Officer is of great use to the municipality the fact, that the heavy expenditure incurred on his salary, pensionery contribution leave allowances etc , is not commensurate with the benefits derived from him especially when there is a very competent vice president whose general supervision is so effective cannot be denied There seems no other ways and means of improving the finances of the municipality, except recovery of arrears A Revenue Inspector on Rs 40/- plus Rs 10/- C A will meet the requirements towards this end

In the circumstances stated above I recommend the resolution of the Municipal Council for obtaining sanction of Government A copy of the resolution of the Municipal Council is submitted for favour of perusal

TNS

Letter No H C 90/40-41 dated 18th March 1941
from the President, Municipal Council, Seringapatam,
to the Deputy commissioner, Mandya District, Mandya

In connection with the financial position of this Municipality and as per your order calling a detailed report I have the honour to submit as follows -

From the statement of receipt and expenditure it is seen that expenditure exceeds income by Rs 7586/- This increase is due to the fact of the entertainment of a Chief Officer at a cost of Rs 1320/- and the introduction of Electric Lighting and protected water supply This increased expenditure was incurred at a time when this Municipality had the privilege of levying the pilgrim tax the realisation of which was nearly Rs 7000 a year Now that the Government was pleased to remove the pilgrim tax from 1-7-1936 the financial position of the Municipality is disturbed to a considerable extent and the Municipality cannot think of balancing its budget at any time Further the stat ment of the sanctioned budgets with actuals for the years 1936-37 to 1939-40 also reveal the fact that the actual income apart from the Govt grant is far below the sanctioned expenditure as noted below and the actual expenditure in the year 1939-40 is far below the sanctioned expenditure, ~~expenditure~~ the consequence of which is that the Municipality has to pay huge arrears towards the Electric Lighting charges and water-works maintenance charges

Actual Income	Total of A B & E
1936-37	Rs 16,512
1937-38	18,047
1938-39	16,425
1939-40	17,375

Sanctioned Expenditure	Total of A B & E
1936-37	17,414
1937-38	16,897
1938-39	17,849
1939-40	18,517

From the statement of liability prepared up to the end of Feb 1941, it is seen that the Municipality has to pay Rs 10,750-2-5 apart from the payment of loan instalment of Rs 2737/- and the loan interest of Rs 1190/- to the Govt during the current year Further the Municipality has not only received registered notice from the Electric Department but also received letters of demand from other Departments The Municipality now finds it very difficult to meet not only its normal expenditure on establishment but also the demands of various Departments

From the D C B for 1939-40 it is seen that the ~~actual~~ total demand per year under Mohatarfa including house connection charges is Rs 9903-4-6 Out of taxes on buildings and lands which include water and lighting taxes, Rs 1427 has to be deducted every year on account of 373 vacant sites which are unclaimed properties, so that the net demand will be Rs 8476-4-6 The statement of arrears up to the end of February 1941 shows a balance of Rs 12141-3-10 This balance cannot be recovered in full as nearly Rs 3500 has to be written off as time barred and the parties whereabouts are not ascertainable, Hence the net balance, if at all to be recovered, will be Rs 8640 and odd Even if all the arrears are recovered to the last pie the Municipality cannot discharge its liability in full

From the expenditure statement it could be seen that the Municipality cannot think of either removing the Electric Lighting or protected water supply as these two are absolute necessities for the town Scrutinising the expenditure on establishment, except the Post of a Chief Officer which involves an expenditure of nearly Rs 1500/- including his pensionery contribution per year no reduction could be effected If the Post of the Chief Officer

xx

is removed, then the normal income will be within normal expenditure As regards the expense of Rs 1620 on the maintenance of the gang it depends upon the Govt-grant As the Govt did not give any grant, this year the Gang which is continued till now is disbanded from 1st March 1941 Even then the Municipality will not be in a position to spend any amount towards the maintenance of roads, drains, etc

As this place happens to be a historical one in addition to its being a religious place and tourists from all over the world visit this place, this has to be kept always neat and tidy Unless the Govt comes to its rescue by a liberal grant every year the poor Municipality cannot attend to all the requirements

Under the above circumstances and considering the poor financial condition of this Municipality I request you, Sir, to make a strong recommendation to Govt for the abolition of the post of the Chief Officer for this small Municipality and for liberal grant every year
